# 15" POS Network Android PCAP Touch Screen

Small-sized touch displays, ideal for meeting room booking or point-of-sale applications

Power Over Ethernet (PoE)

Power your screen by using the power cable provided or supply the power over an Ethernet cable. This minimises the number of cables needed for installation as you can supply power and internet connectivity to the screen simultaneously.

1. DC 12V
2. Micro USB
3. RJ45
4. Serial
5. USB
6. Audio
7. SD Card

Power Data

48V Passive
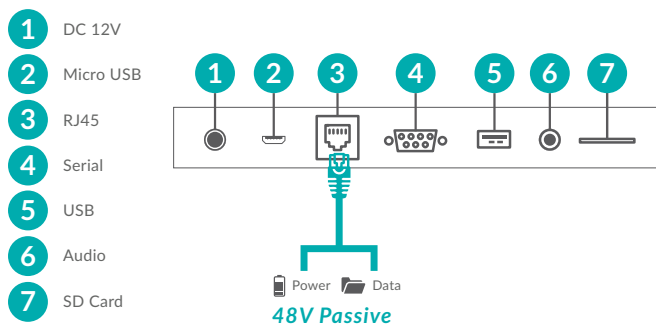

Stylish Enclosure

The modern enclosure is crafted from moulded polymer for ultimate aesthetics. With it's fingerprint resistant matte black finish and rounded corners the screen can fit seamlessly in many environments such as corporate offices or retail spaces.

- Android Media Player
- 10 Touch Points
- Headphone Output
- No Integrated Battery
- Integrated VESA Mounting Holes
- Free Security Wall Mount
- Extend Memory with SD Card
- White Version Available

PCAP Touch Screen

State of the art Projected Capacitive interactive technology offers the most responsive and sensitive touch experience available.

Meeting Room Solution

This display is ideal to be used in conjunction with meeting room booking software. The LED frame can act as a room availability indicator.

24/7 Commercial Use

These displays use a commercial grade LCD panel and LED backlight. They have the ability to be in constant use 24/7 for over 70,000 hours and have no external buttons or controls to avoid tampering.

No Integrated Battery

Unlike domestic tablets these displays do not have built-in batteries and therefore last considerably longer. They are designed to be used constantly 24/7 in public spaces and can be powered directly from the mains or over PoE.

VESA Mounting Holes

Unlike domestic tablets these displays have an integrated and secure screw based mounting solution on the rear for easy wall or stand installation.
100 x 100
VESA

Multi Coloured LED Frame

The LED edges either side of the display can be red, green, blue, magenta, cyan, yellow and white. They can also be disabled completely if preferred.

Available in 7 Colours
Integrated Camera

If the software you are using requires a camera you can use the screen's integrated front facing 2 megapixel camera.

2 Megapixel Camera

Optional NFC Integration

For projects that require Near Field Communication an internal module can be implemented for even more interactivity and engagement.
